**ASSURANCE OF VOLUNTARY COMPLIANCE**

Plaintiff State of Missouri (“Plaintiff”), at the relation of Attorney General Eric S. Schmitt, and Defendant Tuning Element, LLC stipulate and agree to this Assurance of Voluntary Compliance (“AVC”) on the following terms pursuant to § 407.030, RSMo:

**General Findings**

1. Plaintiff is the State of Missouri acting by and through Attorney General Eric S. Schmitt, who has authority to enforce the Missouri Merchandising Practices Act (“MMPA”) codified in Chapter 407, RSMo.
2. Defendant Tuning Element is a limited liability company doing business in Taney County, Missouri.
3. Beginning in March of 2020, Defendant advertised, offered for sale, and sold masks and KN95 respirators at its website and store

location(s).

4. Plaintiff acknowledges that Defendant also donated masks or respirators to first responders and healthcare workers in the Branson area, including a donation of 1,500 masks in the early stages of the COVID-19 pandemic.

5. The average prices charged by Defendant to the public depended on the quantity of products purchased, and prices per unit for bulk orders were lower than the price per unit for a single mask or respirator.

6. Between March of 2020 and the present, Defendant has voluntarily reimbursed the two people who complained to Plaintiff about Defendant's mask or respirator prices, pursuant to Defendant's general return policy for any consumer who is dissatisfied with a product.

### **Stipulations**

7. Under § 407.030, an "assurance of voluntary compliance shall not be considered an admission of violation for any purpose."

8. The parties agree that this AVC is not an admission by Defendant to any allegation of price gouging, fraud, or deception, and Defendant has denied and continues to deny any such allegation. Furthermore, there is no evidence before this Court that Tuning Element violated the Merchandising Practices Act, or committed any other violation of Missouri law.

9. The parties acknowledge that this AVC embodies the entire agreement and understanding of the parties with respect to the subject matter contained herein.

10. The parties agree that the AVC constitutes a fair resolution of this litigation and adequately protects the public interest.

11. The parties agree that the Court has personal jurisdiction over Defendant and has subject matter jurisdiction to approve this AVC.

12. The parties agree the Court will retain jurisdiction of this cause as provided in § 407.030 and may issue any order necessary for the enforcement of the Assurances set forth below.

13. The parties recommend that the Court approve this AVC, and the parties agree that Plaintiff may submit the AVC itself, and that the parties may jointly submit a proposed judgment and order approving the AVC, to the Court.

**Assurances by Tuning Element and the Attorney General**

14. Plaintiff agrees that this AVC fully and finally resolves Plaintiff's claims against Defendant for all matters described in Plaintiff's petition.

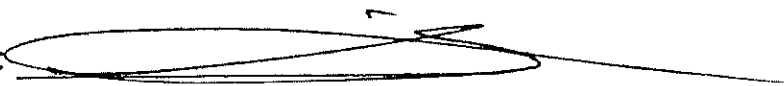

15. Plaintiff will bring no further civil or criminal action against Defendant for the matters described in Plaintiff's Petition, or for any acts or omissions related to Tuning Element's sale or marketing of masks and/or respirators in Missouri.

16. Defendant will not sell masks or respirators in Missouri.

17. Defendant has agreed to, and will, donate its remaining inventory of masks and respirators to a governmental or non-profit entity of its choice within ninety (90) days of the Court's approval of this AVC.

18. The parties will each bear their own costs.
